## DIFFERENTIATORS

### Financial Strength and Track Record of Success

IAW is a well-established and rapidly growing SDVOSB company with a track record of providing quality support services in the areas of management, administration, health, Information Technology, and other areas to several Federal Agencies, mitigating the Government's risk against poor performance or operational disruptions.

## RELEVANT PAST PERFORMANCE

IAW has provided professional support services and talent placement for Federal agencies. We offer tremendous depth and experience, domain knowledge of support services and staffing, and resources across all task areas. We have a strong track record of making concerted efforts to understand our clients' needs; designing and developing the proper support solutions to specifically meet these needs; paying attention to detail and completing our clients' projects on-time and within budget, while maintaining the excellent quality of our deliverables. This has resulted in significant repeat orders and long-term relationships with all our existing clients.
